2. Why was Thorndon Park chosen as a venue?

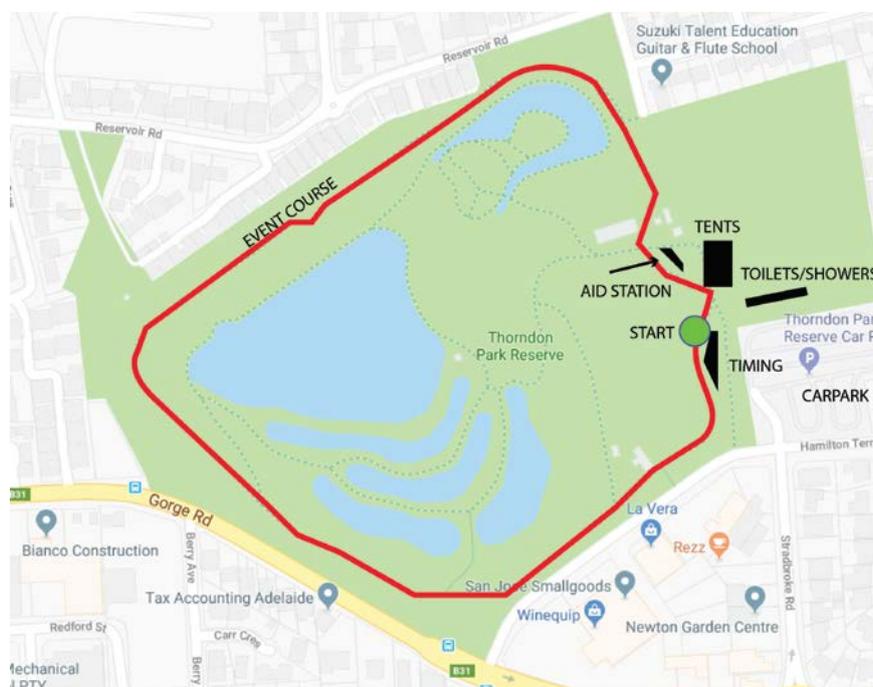

Thorndon Park is a park reserve north east of Adelaide city. It was originally a reservoir created in the mid to late 1800s, the very first one to supply the city of Adelaide. However in the late 1900s it was re-purposed as a recreation park, where friends and families now come to have bbqs and enjoy the expanse of grassy space which surrounds the reservoir.

The Adelaide 6 Day course follows the pedestrian path that encircles the reservoir. Its relatively flat course and picturesque location made this venue our preferred choice.

3. Is public transport available to the race venue?

Yes. You can catch a bus, taxi, or Uber. To catch a bus you catch the 178M from Adelaide city, which is the City to Athelstone bus. Then alight at stop 29 on Gorge Road.

4. What is the course layout of the Adelaide 6 Day?
